Subject: 1 MXG / 192 MXG: ACC 2013 Clements McMullen Memorial Daedalian Weapons System Maintenance Trophy Nomination

192d,

The 1st and 192d Maintenance Groups continue to display their excellence. Below is the official notification from 9th Air Force that the 1st and 192d Maintenance Groups (TFI) will be the ACC 2013 Clements McMullen Memorial Daedalian Weapons System Maintenance Trophy nominee and representative in the Air Force level competition.

Effectively, this nomination recognizes our TFI Maintenance Group as the best in the CONUS CAF (Combat Air Forces) - CONUS based fighter, attack, reconnaissance, and bomber. They will compete with USAFE, PACAF, AFSOC (Air Force Special Ops Command), AFGSC (Air Force Global Strike Command - Nuclear Forces) and AMC (Air Mobility Command) units at the Air Force Level for overall winner.

Again - great accomplishment, and very proud of our maintainers. Langley is now the icon of TFI Excellence.

V/R

Vader

Thomas K. Wark, Colonel, VA ANG  
Commander 192d FW

America's First Team,

Please join me in congratulating our TFI Maintenance Team on their selection as Air Combat Command's 2013 Clements McMullen Memorial Daedalian Weapons System Maintenance Trophy nominee to compete at the Air Force level.

Their achievements are impressive and my sincere thanks for consistently setting the standard that all other units aspire to.

Job Well Done!

KEVIN A. HUYCK, Col, USAF  
Commander, First Fighter Wing
